

Construction Project Manager

Finishes Solutions brings together a unique combination of resources under one roof. Our team of experts have a winning track record of excellence in real estate development, construction, remodeling, management, sales, insurance, and finances.

Finishes Solutions, LLC is looking for an experienced **Construction Project Manager** to plan and supervise a wide range of construction projects from start to finish. You will organize and oversee construction procedures and ensure they are completed in a timely and efficient manner.

An excellent Construction Project Manager must be well-versed in all construction methodologies and procedures and able to coordinate a team of professionals of different disciplines to achieve the best results. The ideal candidate will have an analytical mind and great organizational skills. The goal will be to ensure all projects are delivered on time according to requirements and without exceeding budget. An effective Construction Project Manager should communicate with all different construction workers and managers across the project to ensure all tasks are performed promptly. They must create strong relationships between workers and managers, which are vital when dealing with such tense situations that can arise at any moment during a building project's life cycle from start to finish.

Responsibilities

- Collaborate with engineers, architects etc. to determine the specifications of the project.
- Negotiate contracts with external vendors to reach profitable agreements.
- Obtain permits and licenses from appropriate authorities.
- Determine needed resources (manpower, equipment, and materials) from start to finish with attention to budgetary limitations.
- Plan all construction operations and schedule intermediate phases to ensure deadlines will be met.
- Acquire equipment and material and monitor stocks to timely handle inadequacies.
- Hire contractors and other staff and allocate responsibilities.
- Supervise the work of laborers, mechanics etc. and give them guidance when needed.
- Evaluate progress and prepare detailed reports.
- Ensure adherence to all health and safety standards and report issues.
- Duties as assigned.

Requirements and skills

- Proven experience as Construction Project Manager.
- In-depth understanding of construction procedures and material and project management principles.
- Familiarity with quality and health and safety standards.
- Good knowledge of MS Office.
- Familiarity with construction/project management software.
- Outstanding communication and negotiation skills.
- Excellent organizational and time-management skills.

Finishes

SOLUTIONS LLC.

- A team player with leadership abilities.
- Preferred Skill: BSc/BA in engineering, building science or relevant field.
- Experience with SmartSheets preferred, not required.
- PMP or equivalent certification will be an advantage.
